- Adaptability
- Active Listening

PROFILE

A Curious learner and creative team player, interested in the job role of computer engineer. Where i can utilise my understanding of coding and web development to effectively fulfill the requirements of clients and customers.

PROJECT WORK

Matrimony web App

Tech stack :- ReactJs, Tailwind CSS, NodeJs, ExpressJs, Mongodb

- Developed a fully responsive matrimony web app where users can register, search for potential matches using advanced filters, and manage their profiles. It includes secure JWT authentication and an admin panel for user management.

GitHub : <https://github.com/tankharsh/Matrimony>

Workport - Service Booking Platform

Tech stack :- ReactJs, Tailwind CSS, NodeJs, ExpressJs, Mongodb

- A platform where users can book professional services, and service providers can accept or reject requests. Admins manage users and services from a dashboard.

GitHub : <https://github.com/tankharsh/Workport>

Erra Ceramics

Tech stack :- HTML, CSS, Javascript, Bootstrap, PHP

- Developed a dynamic Admin Panel with full CRUD (Create, Read, Update, Delete) functionality using PHP, MySQL, and JavaScript.

ACHIEVEMENT

- **Cisco Networking Academy** -
Linux Essentials Professional Development [2023]
- **Udemy** -
Complete web development course

HOBBIES

- Learning New Technologies
- Gaming
